To Have a Natural Gas Line Installed On Your Property:

- Complete and return this page along with the Notification of Service Line Responsibility and Installation of New Line & Services Agreement.
- A PNG Technician will examine the property for correct positioning of the service line and meter and provide a cost estimate.
- Upon acceptance and payment of the estimate, the application will be scheduled for installation.
- Payment must be received BEFORE work will be scheduled or conducted.
- PNG Customers must agree to allow PNG Technicians access to the meter at all times.
- Owners must keep meter free from snow/ice build-up or any shrubbery/foliage growth at all times.
- Final pricing of project will be given upon construction completion.

Cost Breakdown for New Service Lines:

275 Meter – Residential (if your connected appliances are rated up to 300,000 BTU per hour) **\$1,500**

- Includes meter set, and up to 100' of ¾" poly pipe and trenching.
- If you choose to do your own excavation, PNG will extend a credit of \$2.00/ft.
- Additional service line length (over the first 100') is charged at \$5/ft (including trenching & pipe)

415 – 800 Meter – Large Residential/Small Commercial: meter size and price vary based on BTU load **VARIES**

- Meters are priced according to total BTU load and price will vary dependent on size and type.
- If you choose to do your own trenching & backfill, PNG will extend a credit of \$2.00/ft.
- Additional service line length (over the first 100') is charged at \$5/ft (including trenching & pipe)

Notification of Service Line Responsibility Customer-Owner Buried Pipe

PLEASE READ: The US DOT requires operators of gas distribution systems to notify all customers about the maintenance of **customer-owned buried piping**. This notification should be sent one time to each customer. [Department of Transportation Regulations at 49CFR Part 192.16].

Pinedale Natural Gas (PNG) is not responsible for maintaining anything downstream of the gas meter. If you have buried gas lines downstream of your gas meter, you should have them periodically checked for leaks or corrosion. Any problems you find should be promptly repaired. The gas utility cannot do this work. We will refer you to local plumbing or heating contractors who can assist in location, inspection, and repairing your buried piping and other gas facilities.

Customer Acknowledgement:

I understand that Pinedale Natural Gas *is not responsible* for any buried service lines or gas piping downstream of the meter on my property.

Installation of New Line and Services Agreement:

Customer will be responsible marking the location of extended utility lines, sprinkler systems and other underground obstacles not covered under One Call service; and for restoring grass, landscaping & underground obstacles disturbed by installation of facilities on customer's property. The ownership of the main service line and meter shall vest in PNG, who shall assume operation and maintenance thereof. Customer will allow PNG Technicians access to meter at all times. Customer must keep meter free from snow/ice build-up or any shrubbery or foliage growth at all times. Customer shall assume all responsibility for gas piping, appliances, and gas utilization equipment downstream of PNG's meter. Such customer-owned piping and equipment shall conform to the latest revision of National Fuel Gas Code.

It is mutually agreed that PNG will make available and Customer will accept, gas service as soon as practical. PNG will install all utility facilities under the terms for the Gas Service Rules & Regulations currently on file with the Wyoming Public Service Commission. Customer agrees to initiate gas service within 45 days of PNG's installation of a gas riser installed at Customer's request, whether or not gas is utilized by Customer. Customer agrees to pay in full the above cost to PNG prior to construction. Discontinuance of gas service or non-gas use does not cease the customer's obligation to pay the cost of the service extension or monthly customer service charge of \$15.

The PNG construction season begins May 1st and continues until October 31st. Estimates must be completed and paid for prior to the final construction date. Any and all construction after November 1st will be on an emergency basis only and is done at the discretion of the technicians.

By signing below, I agree to abide by the above terms; that an estimate will be provided to me upon PNG receipt of this information. I understand that installation will not occur until the estimated cost is paid in full. I will pay the remaining balance after project completion if differs from the estimate. I agree to promptly pay my monthly billing for gas service from PNG.

I have received notification of Service Line Responsibility. _____ Please initial
